

December 2001

A Holiday Greeting for all of our Project Partners and friends:

“Our nursing staff has been empowered to more effectively manage patient pain. Without the tools and training provided by the LIFE Project, our friend, Nancy would have died in severe pain.”

Deanna King, RN, Neosho Memorial Regional Medical Center in Chanute, shared this story at the 10/26/01 LIFE Project Partner meeting. It is the kind of story that we often hear at the LIFE Project, and one of the many reminders we have of the value and importance of the work that we are doing together.

As the end of the year draws near, we take this opportunity to thank all of our Partners and supporters. Through our joint efforts, the LIFE Project Partners are making a difference. The LIFE Project is deeply engaged in many initiatives related to our three core areas of focus in end-of-life care – Public Policy, Public Engagement, and Professional Education. Your support has made the successes of the LIFE Project possible.

As we approach the end of the year, we hope you will find a few moments to reflect on the work we have completed together, on the lives that have been impacted by our work, and on the shared energy and expertise we are able to offer to the citizens of Kansas. Your partnership makes all the difference.

May the deepest joys of the holiday season find home within you.

Gratefully,

Donna Bales
June Miller
Stacie Ogborn
Jan Brandom

Living Initiatives For End-Of-Life

The LIFE Project Foundation is a 501(c) 3 not-for-profit organization working to help all Kansans live with dignity, comfort and peace at the end of life
